

## Story Building

Duration: 5-15 minutes

Instructions:

Story building is a game in which all the members of an office are brought together and put into a standing circle. One member of the circle starts a story out loud with a sentence and the next member continues the story with a sentence of his own. The story continues with each member of the circle. This game can help a team get on the same page while having fun creating something together.

Debriefing questions:

How did you feel during the activity?

What challenges did you face?

Why was it important to listen?

What lessons can you learn from this challenge?
